

User Manual for CryptoTrade Application

This manual will guide you through the features and functionalities of the CryptoTrade application, making sure you can easily manage your crypto assets and transactions.

1. Account Creation and Login

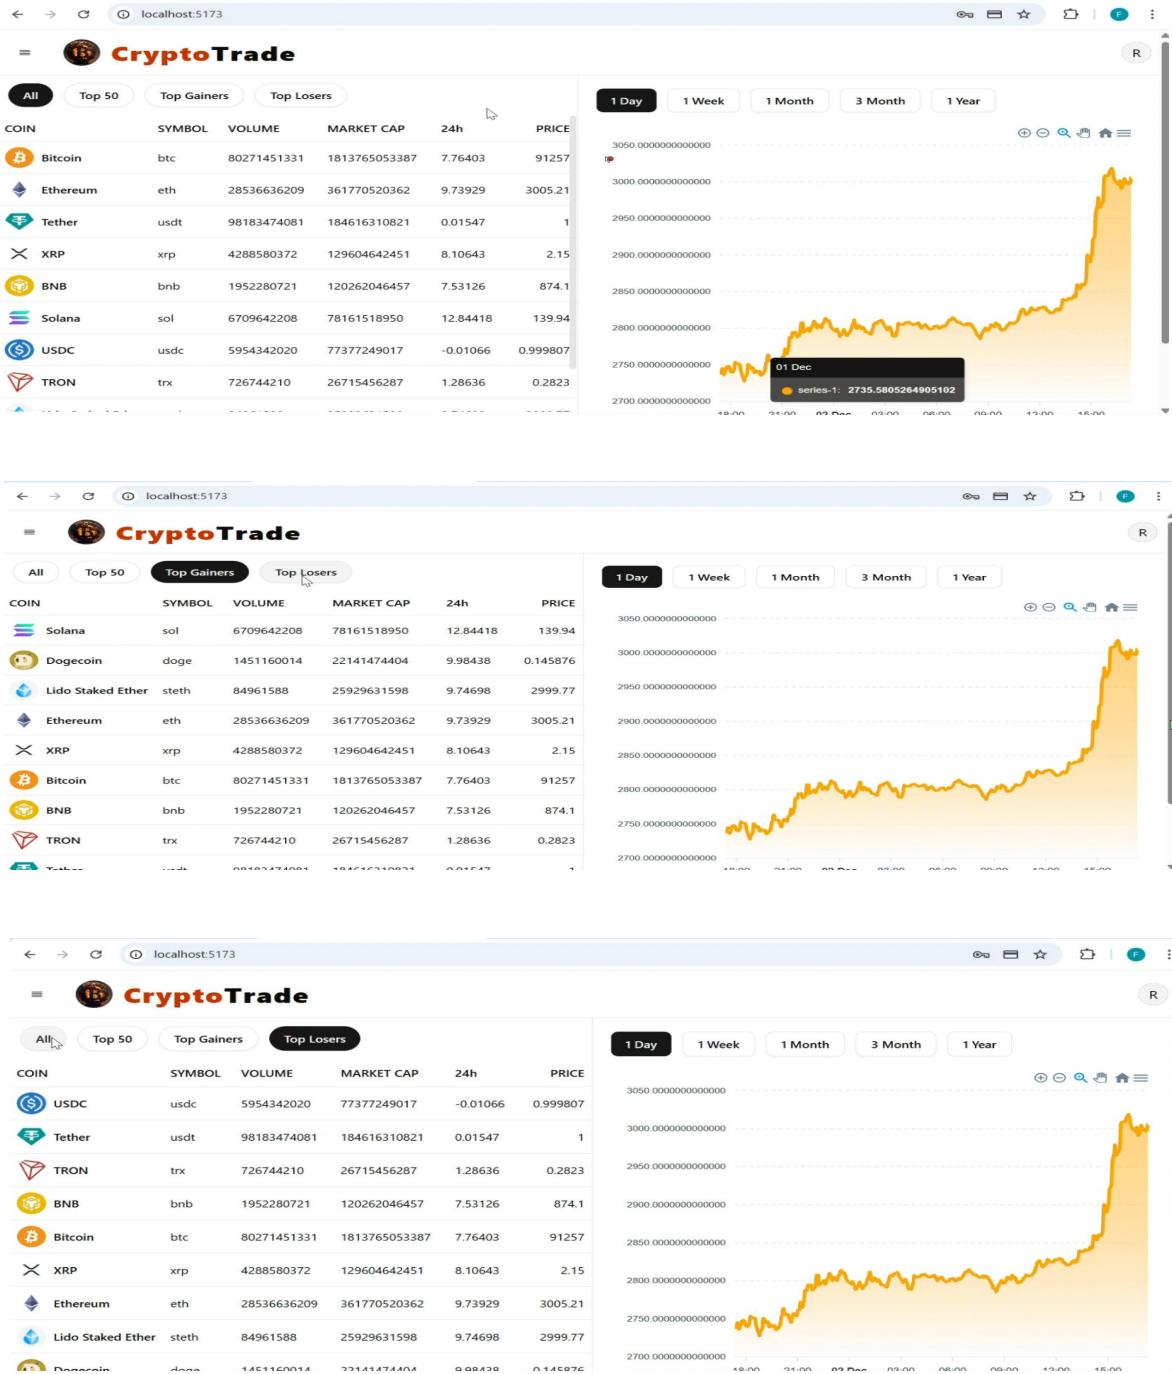

Enter your Email and Password and click Submit to log in. You can also use the Forgot Password option if needed. To create a new account, click the Signup link.

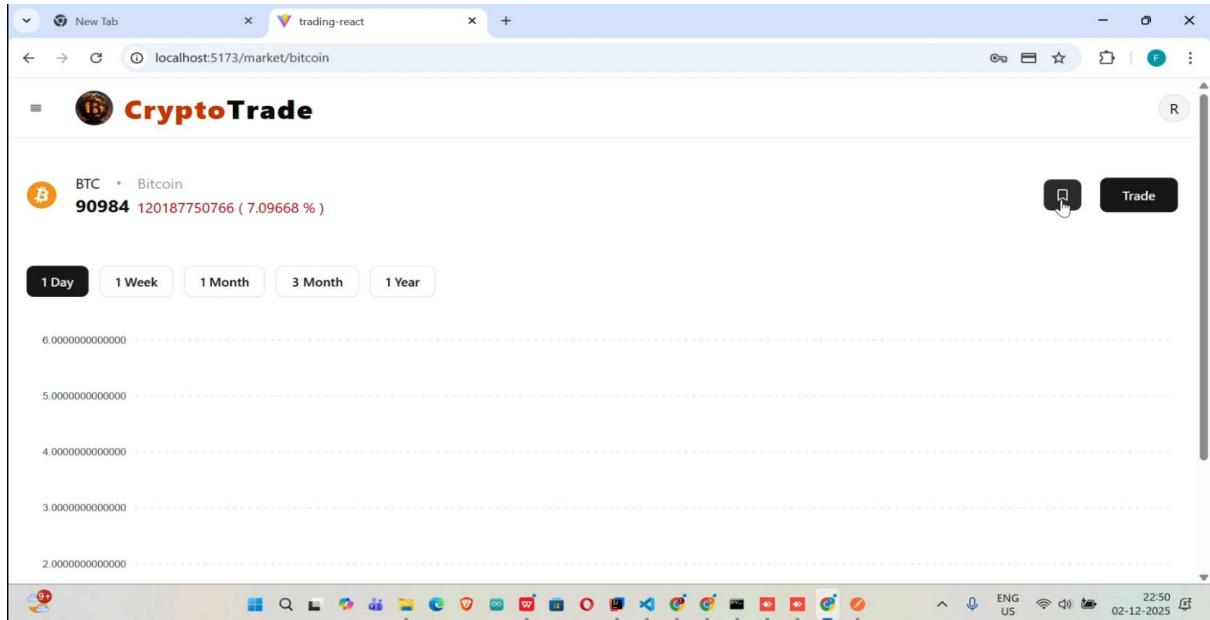

Enter your Full Name, Email, and a Password. Click Submit to register. If you already have an account, click Signin to return to the Login Page.

2. Main Trading Interface (Home)

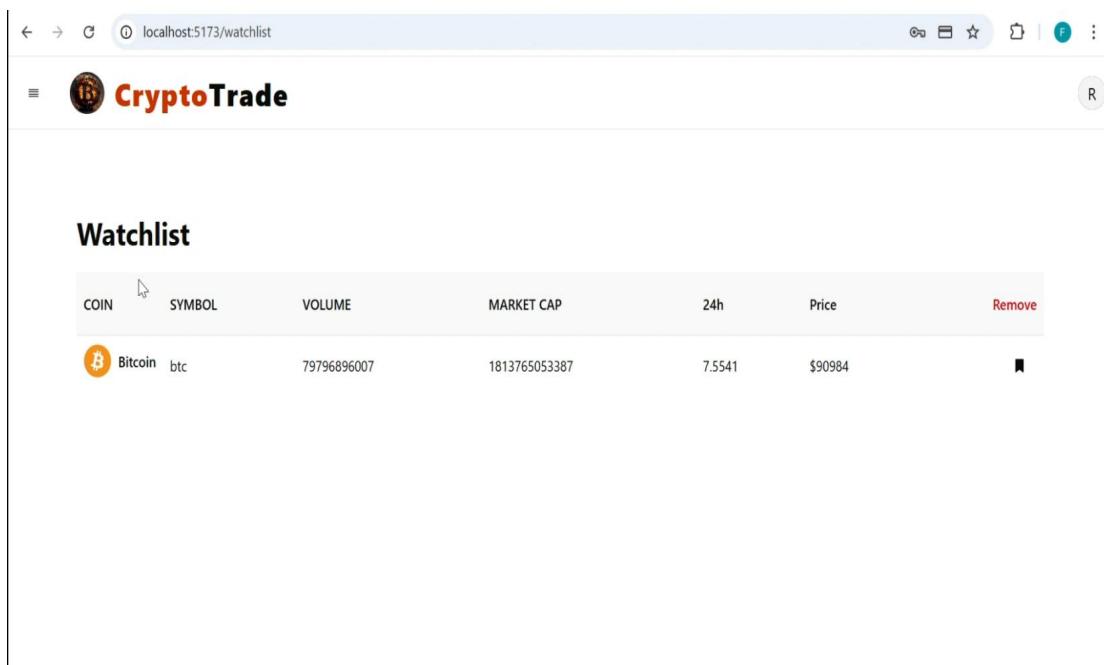

This page displays various cryptocurrencies (COINS) along with their Symbol, Volume, Market Cap, 24h change, and Price. You can filter the view using All, Top 50, Top Gainers , and Top Losers. The chart on the right shows the price movement and can be adjusted for 1 Day, 1 Week, 1 Month, 3 Month, and 1 Year periods.

3. Coin Details and Watchlist

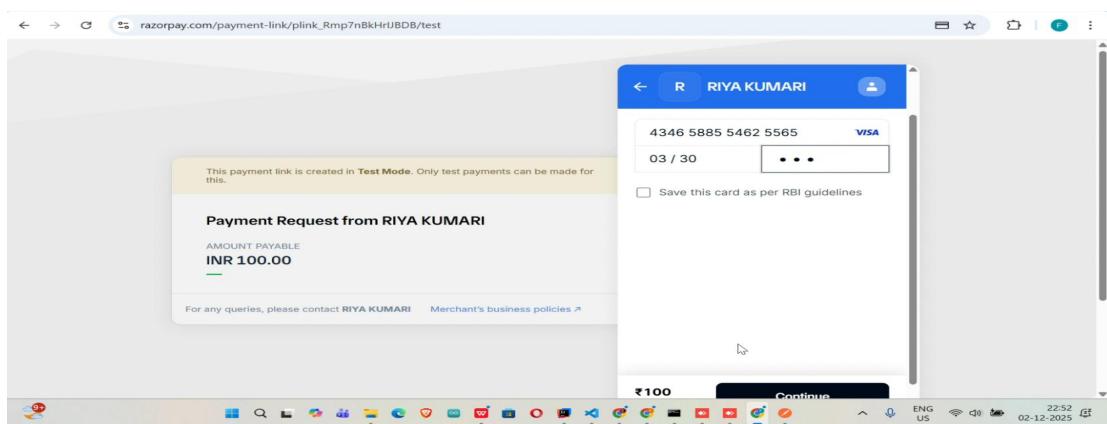

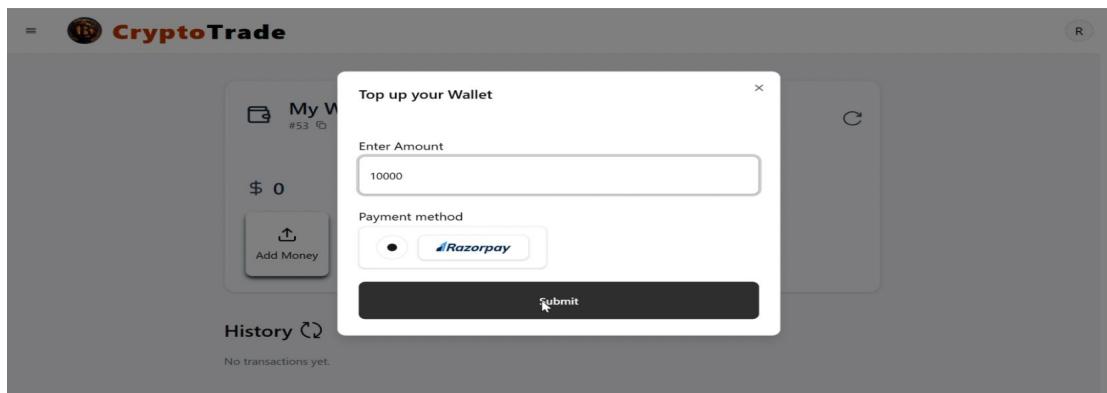

Clicking on a coin (e.g., Bitcoin) from the market list takes you to its detail page. Here you see the current price, 24h volume, and percentage change. You can add or remove the coin from your Watchlist using the bookmark icon, or click Trade to initiate a buy/sell transaction

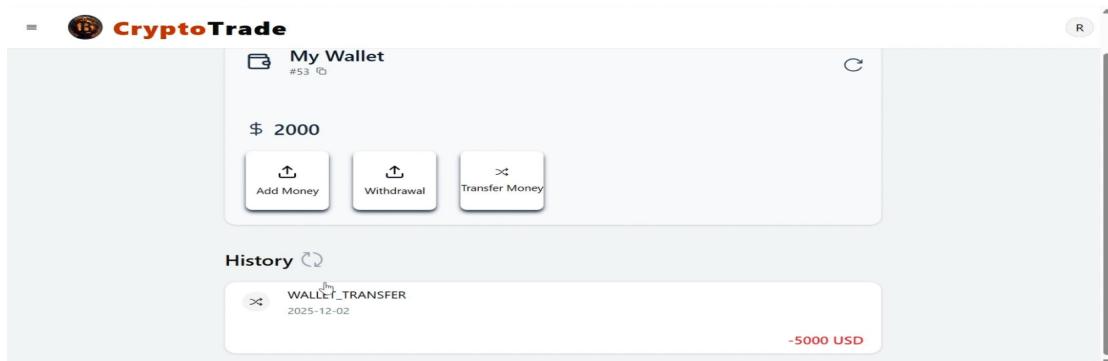

Lists all the coins you have added to your watchlist, showing their metrics like Volume, Market Cap, 24h change, and Price. You can Remove a coin from the list by clicking the 'Remove' text or the bookmark icon next to the price

4. Wallet and Funding

Displays your My Wallet balance and offers three key functions: Add Money, Withdrawal, and Transfer Money. The history section below will show past transactions.

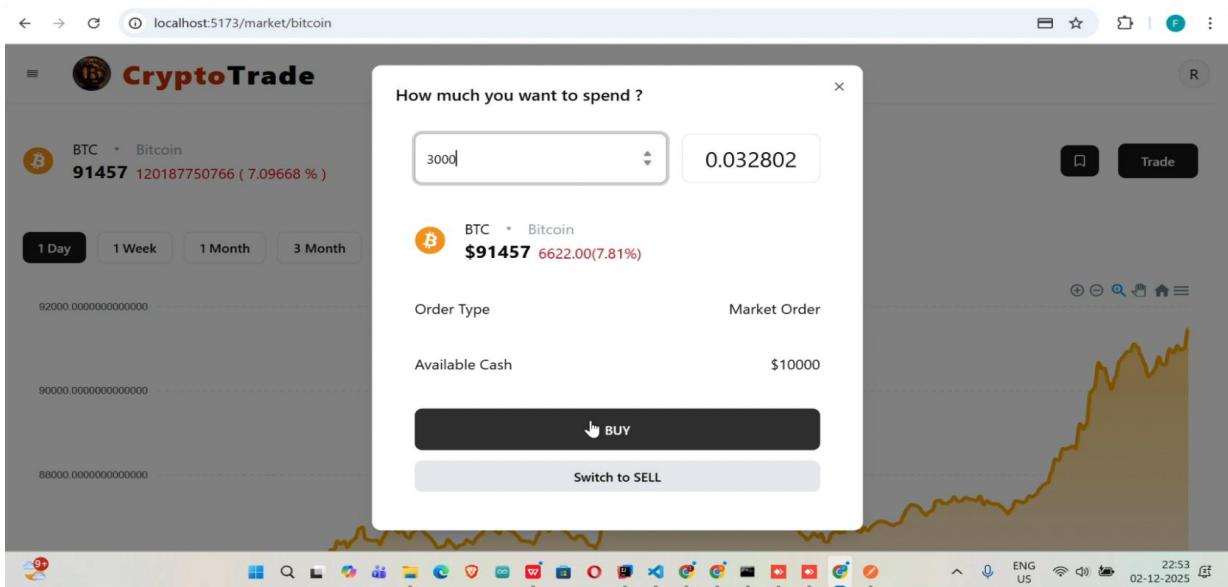

Enter the Amount you wish to add and select a Payment method (e.g., Razorpay). Clicking Submit will redirect you to the payment gateway to complete the transaction.

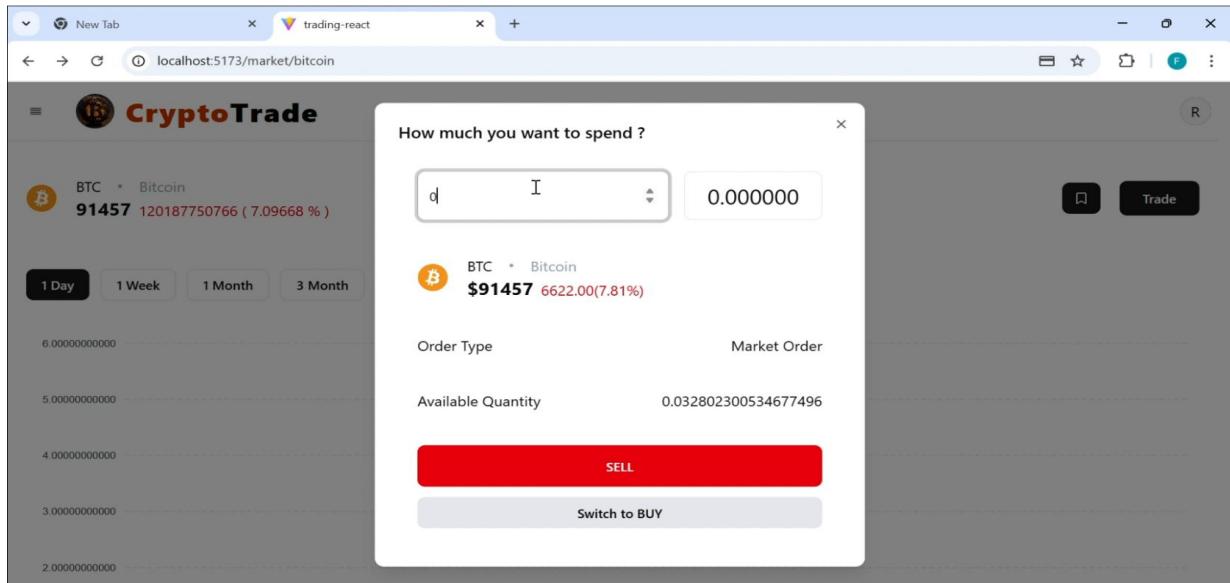

Enter the Amount, the recipient's Wallet Id (e.g., 2), and a Purpose. Click Submit to initiate the transfer.

5. Trading (Buy/Sell)

Appears when you click 'Trade' or 'Switch to BUY'. Enter the amount you want to spend in USD or the equivalent crypto quantity. It shows the Order Type (e.g., Market Order) and your Available Cash. Click BUY to confirm the purchase.

Appears when you click 'Trade' or 'Switch to SELL'. Enter the amount you want to spend in USD or the equivalent crypto quantity. It shows the Order Type (e.g., Market Order) and your Available Quantity of the asset. Click SELL to confirm the sale.

6. Account Management and Withdrawal

The screenshot shows the 'Payment Details' form within the CryptoTrade app. The form includes fields for Account Holder Name (12347890968), IFSC Code (UBIN1909), Account Number (Enter Account Number), Confirm Account Number (46541), Bank Name (Enter Bank Name), and a 'Submit' button.

Payment Details

Account Holder Name
12347890968

IFSC Code
UBIN1909

Account Number
Enter Account Number

Confirm Accour 46541
Confirm Acco 45621234568

Bank Name
Enter Bank Name

Submit

Click ADD Payment Details and fill in the required fields: Account Holder Name, IFSC Code, Account Number, Confirm Account Number, and Bank Name. This is necessary for withdrawals.

The screenshot shows the 'Request Withdrawal' form within the CryptoTrade app. It displays an Available Balance of \$7100, an Enter Withdrawal Amount field set to \$100, a Transfer To field set to YES BANK, and a 'Withdraw \$100' button.

Request Withdrawal

Available Balance \$7100

Enter Withdrawal Amount
\$ 100

Transfer To
YES BANK
45621234568

Withdraw \$100

Available on the Wallet Page. Displays your Available Balance. Enter the Withdrawal Amount and the system shows the bank account you added in Payment Details as the transfer destination. Click Withdraw to submit your request.

The screenshot shows a table with four columns: DATE, Method, Amount, and Status. There is one row of data: 2025-12-02T22:55:40.239789, Bank, \$100, and PENDING.

DATE	Method	Amount	Status
2025-12-02T22:55:40.239789	Bank	\$100	PENDING

Shows a list of your withdrawal requests with the Date, Method, Amount, and Status (e.g., PENDING).

The screenshot shows a table with seven columns: DATE & TIME, Trading Pair, Buy Price, Sell Price, Order Type, Profit / Loss, and Value. There are three rows of data:

DATE & TIME	Trading Pair	Buy Price	Sell Price	Order Type	Profit / Loss	Value
02/12/2025 10:51:02 PM	Bitcoin	1000	0	BUY	-	1000
02/12/2025 10:53:22 PM	Bitcoin	3000	0	BUY	-	3000
02/12/2025 10:54:23 PM	Bitcoin	91457	99.99999999999999	SELL	-91357	100

Displays a detailed log of all your trades, including the DATE & TIME, Trading Pair, Buy Price, Sell Price, Order Type (BUY/SELL), Profit/Loss, and Value.
